This would be a big picture of the route connected BYU-I to the high way exit of Rexburg.

Here would be a text content of the steps to get to BYU-I from the high way

A building map of BYU-I, and we will mark the building that is holding the building.

A plan view of the building that is holding the activity.

Here would be a short description of the relative location of the building.

This would be the short description of the room number and general loction of the building.
